The above information is an outline of our Planned Improvement Programme for 2008/09. Although your road or scheme may be mentioned, your home may not be included in the actual programme. This is because we sometimes have to spread scheme programmes over a number of years or we may have recently replaced your kitchen, bathroom, windows etc. outside of the planned programme. If you require more detail please contact our Customer Services Team on 01928 728000. Our Planned team will contact all residents included in the programme well in advance of any work commencing.
